

## A1S4 Protection PAC

A1S4 Protection PAC endorses two more Justices for the Ohio Supreme Court

We complete our picks for the state's high court with the endorsement of Justice Pat Fischer and Justice Pat DeWine for the Ohio Supreme Court.

Justices Fischer and DeWine have both served on the court since their election in 2016. Both have served with distinction, and both are excellent Justices who work to uphold the law as opposed to legislating from the bench. DeWine and Fischer both understand firearms and the importance of protecting our rights. They have not been fooled by the nonsense presented the anti-self-defense extremists.

Both DeWine and Fischer have voted to protect your right to keep and bear arms, and for schools to implement best practices. Unfortunately, both have had to sign dissenting opinions as Ohio's high court has replaced judicial restraint with judicial activism.

This November we have a duty to take back control of the Ohio Supreme Court from those who have abandoned the idea of rule of law. With influence from billionaire Michael Bloomberg, Ohio's high court has become a liberal tool to overturn the will of the legislature and Ohio voters. No matter how many great bills the Ohio legislature passes, and the Governor signs into law, or how longstanding accepted ideas have stood, nothing matters when the court just rules the way they wish laws were written. Electing Justice DeWine and Fischer is critical for all Ohioans.

Ohio voters must elect a clean sweep of good justices in November. We must elect:

- Justice Sharon Kennedy for Chief Justice of the Ohio Supreme Court
- Justice Pat Fischer for Justice of the Ohio Supreme Court
- Justice Pat DeWine for justice of the Ohio Supreme Court

"Failure to elect all three will result in liberal activists controlling our High Court, and thus our entire state and your life," declared Jim Irvine, A1S4 Protection PAC Chairman. "This is a watershed election and our support of these three justices is critical for our rights and freedoms."

Please support our endorsed candidates with your voice, time, money, and vote on November 8, 2022
